Mariah -- thanks for your inquiry about the watershed map. Here's the phone number for the creator of that map, Phil North: 907-714-2483. His email address is above.

Subject: Permission to use photos/maps from Submerged Lands conference PPT

Good morning David and Tami -

I am currently working on the next issue of Pebble Watch (www.pebblewatch.com), Bristol Bay Native Corporation's newsletter about issues related to the proposed Pebble mine.

The newsletter is a fact-based, educational piece and this issue is devoted to the watershed assessment. I've been in contact with Hanady Kader and Judy Smith while developing articles.

I'm writing you specifically to request permission to use one or two of the photos and the map of the watersheds of Bristol Bay that you included in your EPA Watershed Assessment Overview at the Submerged Lands conference in May.

Our newsletter will include an article defining watersheds and I think these would help with the concept that there are multiple watersheds in the Bristol Bay area.

We are looking at going into the layout stage of the newsletter by mid next week, so I hope to hear from you before then.

Thank you!
